

VOL. VII. NO. 203.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, AUGUST 8, 1912.

50 CENTS PER MONTH

## HIRAM JOHNSON RUNNING MATE FOR GREAT PROGRESSIVE LEADER

### EAST AND WEST UNITED IN TICKET

Roosevelt Says Californian is  
Running Mate He Would  
Have Chosen

CAMPAIGN PLANS ARE  
BEING PROMPTLY STARTED

Rumor That Johnson Will Re-  
sign Position and Give Whole  
Time to the Cause

CHICAGO, Aug. 8.—Precisely at 7  
o'clock last night (Chicago time) the  
Progressive party, the official name  
of the party adopted by the conven-  
tion, completed its ticket and nomi-  
nated:

For President, Theodore Roosevelt  
of New York.  
For Vice President, Hiram W.  
Johnson of California.

Both nominations had been made  
by acclamation amid stormy scenes  
of enthusiasm. The convention had  
been in session since 10 o'clock in  
the morning. The delay in making  
the nominations was due to exhaus-  
tive discussions over the platform in  
committee rooms.

Governor Johnson was put in nomi-  
nation by Judge John M. Parker,  
former Democrat, of New Orleans,  
and the nomination was seconded by  
C. S. Wheeler of California, James  
R. Garfield of Ohio, Bainbridge Colby  
of New York, Frederick K. Landis of  
Indiana, Raymond Robins of Illinois,  
Gifford Pinchot of Pennsylvania, Gov-  
ernor Vessey of South Dakota, Wil-  
liam Flinn of Pennsylvania and John  
R. Cledo, a negro, of New York.

Colonel Roosevelt, arm in arm with  
Governor Johnson, appeared before  
the convention and they were greet-  
ed with wildest plaudits, a roaring  
demonstration and formally accepted  
the nominations. The great audience  
of 15,000 persons sang the doxology  
to the accompaniment of a band, the  
five and drum corps, a quartet of  
trumpets and cornets, with the min-  
ute-gun machine banging away up in  
the organ loft, and with the benedic-  
tion the convention was adjourned.

At that moment a great banner was  
dropped from the riggers of the Col-  
iseum with this legend:

"Roosevelt and Johnson.  
New York and California.  
Hands Across the Continent.

"For there is neither east nor west,  
Border nor breed nor birth;  
When two strong men stand face to  
face,

Though they come from the ends  
of the earth."

From the very first moment to the  
last this convention has had the ap-  
pearance of a great religious revival.  
Senator Dixon and others remarked  
at the close of the scene tonight:

"This is not politics; this is reli-  
gion."

Following the adjournment Roose-  
velt and Johnson addressed the dele-  
gates. Roosevelt said:

"The Progressive convention was  
not typical of the old parties, whose  
platforms concealed their real plans.  
We won't promise more than we are  
able to give. We intend, however, to  
try to make this a better country."

Johnson denounced Taft, saying:  
"Taft presents the most humiliating  
spectacle in public life today."

Referring to Wilson Johnson said:  
"His speech doesn't enunciate any  
human principle embodied in the Pro-  
gressive platform."

WILD RUMOR OF ATTEMPT  
ON ROOSEVELT'S LIFE

CHICAGO, Aug. 8.—Wild reports  
of an attempt to assassinate Colonel  
Roosevelt were circulated at noon.  
The Colonel, when reached by tele-  
phone, laughed and said: "I feel  
bullish; in fact I never was better in  
my life."

ACTIVE PLANS STARTED  
FOR CAMPAIGN WORK

CHICAGO, Aug. 8.—Colonel Roose-  
velt and Governor Johnson conferred  
this morning to choose a national  
treasurer, select campaign headquar-  
ters and name a campaign commit-  
tee. After a private conference they  
attended the conference of the na-  
tional Progressive committee.

Although no announcement was  
made, Oscar Straus of New York  
will probably be the treasurer. George  
W. Perkins and Frank A. Munsey  
probably will be members of the na-  
tional committee.

Roosevelt and Johnson received the  
notification committee today. The  
group was photographed.

Miss Elisabeth Dabney of Califor-  
nia, and Miss Jane Adams will  
probably be members of the national

### LEADER'S ACCEPTANCE SPEECH; HIGH PRAISE FOR JOHNSON

CHICAGO, Aug. 8.—In accepting the nomination of the Progressive party  
for the presidency, Colonel Roosevelt spoke as follows:

"Mr. Chairman, and men and women who in this convention represent  
the high and honest people of all our country, I come forward to thank you  
from my heart for the honor you have conferred upon me, and to say that of  
course I accept. (Applause). That I hold it—and now I am measuring my  
words, I have been president, I have seen and known much of life—and I hold  
it by far the greatest honor and the greatest opportunity that has ever come  
to me to be called by you to the leadership for the time being of this great  
movement in the interests of the American people. (Prolonged applause).

"And, friends, I wish to say how deeply sensitive I am to the way in which  
the nomination has come to me, and to tell those who proposed and seconded  
my nomination that I appreciate to the full the significance of having such  
men and such a woman (applause) put me in nomination; and I wish to thank  
the convention for having given me the running mate whom it has given.

PRAISE FOR GOV. JOHNSON

"I have a peculiar feeling toward Governor Johnson. Nearly two years  
ago, after the election of 1910, when what I had striven to accomplish in New  
York had come to nothing, and when my friends, the enemy, exulted, possibly  
prematurely, (laughter) over what had befallen me, Governor Johnson, in the  
flush of his own triumph, having just won out, wrote me a letter which I shall  
hand on to my children and children's children because of what the letter  
contains, and because of the man who wrote it; a letter of trust and belief, and  
letter of ardent championship from the soldier who was at that moment vic-  
torious, toward his comrade who at that moment had been struck down.

"In Governor Johnson we have a man whose every word is made good by  
the deeds that he has done, a man who, as the head of a great state, has prac-  
tically applied in that state for the benefit of the people of that state the prin-  
ciples which we intend to apply throughout the union as a whole. (Applause).  
We have nominated the only type of man who ever ought to be nominated for  
the vice-presidency. We have nominated a man fit at the moment to be presi-  
dent of the United States. (Applause). Not only is he fit to be president of  
the United States, but as president he would make one of the greatest presi-  
dents the United States ever had.

"Friends, I have come here not to make any extended speech to you;  
merely to thank you from the bottom of my heart for the honor you have  
conferred upon me and to say that I appreciate it exactly as I know that you  
mean it, for the greatest chance, the greatest gift that can be given to any  
man is the opportunity, if he has the stuff in him, to do something that counts  
in the interest of the common good. (Applause).

ROOSEVELT PLEDGES HIS WORD

"I appreciate to the full the burden of responsibility, the burden of obli-  
gation that you have put upon me, I appreciate to the full the trust you im-  
pose upon me can be met by me only in one way, and that is by so carrying  
myself that you shall have no cause to regret or to feel ashamed for the action  
that you have taken this afternoon. (Applause).

"And, friends, with all my heart and soul, with every particle of high pur-  
pose that is in me, I pledge my word to do everything I can, to put every  
particle of courage, of common sense and of strength that I have at your dis-  
posal, and to endeavor so far as strength is given me to live up to the obli-  
gations you have put upon me and to endeavor to carry out in the interests of  
our whole people, the policies to which you have today solemnly dedicated  
yourselves to the millions of men and women for whom you speak.

"I thank you." (Applause).

committee. Main headquarters will be  
established here. Branches will be  
at San Francisco, Portland, Ore., At-  
lanta and New York.

Johnson starts for California to-  
night. It is rumored that he will re-  
sign the governorship. The Roose-  
velts start for New York this after-  
noon.

Negroes Get in Line

CHICAGO, Aug. 8.—Southern ne-  
groes declared this afternoon that  
they have completed arrangements  
with Dixon whereby they get places  
on the executive committee of the  
Progressive party in various states.  
They say under this arrangement  
they will support Roosevelt.

PERKINS FOR CHAIRMAN  
OF CAMPAIGN COMMITTEE

CHICAGO, Aug. 8.—At a conference  
of Dixon, Perkins and Beveridge it  
was agreed that Perkins should be  
chairman of the executive committee,  
and Dixon head of the "managing  
committee." Roosevelt did not at-  
tend, saying he would leave all cam-  
paign details to the committee.

ROCKEFELLER AIDED  
IN POLICE PROBE

Operated Pretended Dives to  
Get Evidence Against the  
Police Grafters

NEW YORK, Aug. 8.—District At-  
torney Whitman today admitted that  
John D. Rockefeller, Jr., with his  
father's backing, had been operating  
pretended questionable resorts in the  
metropolitan district for the purpose  
of getting evidence against the police  
and the white slavers they protect.

It became known today that the evi-  
dence the Rockefellers collected will  
probably be used in the prosecution of  
the Rosenthal murder case. Rockefeller,  
junior, denied that he personally  
operated such a resort, but admitted  
his agents did.

BOYS ROSE LANDSLIDE  
DOWN FACE OF CLIFF

REDLANDS, Aug. 8.—Roy Baxter,  
Henry Kronen and Ray Linden, Los  
Angeles boys, who have been spend-  
ing a vacation in the San Bernardino  
mountains, came near losing their  
lives on the old Mormon trail, one of  
the hardest trails in the mountains.

The boys were crawling along the  
face of the cliff, when Baxter slipped  
and started a small landslide that  
piled them up against some trees  
about half way down the side of the  
canyon, a distance of five hundred feet.

PEACE OVERTURES  
OPENED IN MEXICO

MEXICO CITY, Aug. 8.—It is an-  
nounced that General Zapata has op-  
ened negotiations with federal officers  
for his surrender. President Madero  
admits that he has offered Orozco  
terms. He expects their acceptance.  
It is generally believed that peace is  
near.

## WILL VETO STEEL AND WOOL BILLS

President Says Neither Is so  
Framed as to Constitute  
Scientific Revision

ONE MESSAGE TO SERVE  
FOR BOTH MEASURES

Budget May Also Get Axe If  
Commerce Court Provision  
is Left Out

WASHINGTON, Aug. 8.—Following  
the cabinet meeting today President  
Taft indicated that he will veto both  
the wool and steel tariff revision bills.  
A single message will cover both  
measures.

It will be declared neither was for-  
mulated with the tariff board's aid,  
therefore neither constitutes a scientific  
revision.

BUDGET BILL MAY  
ALSO GET VETO

WASHINGTON, Aug. 8.—The Cab-  
inet held a special meeting immedi-  
ately upon the president's arrival from  
Cincinnati. It is understood the presi-  
dent wished to outline to his helpers  
his messages vetoing certain bills and  
to decide whether to reject the "bud-  
get bill" if the commerce court approp-  
riations are omitted.

DEBATE RESUMED  
ON CANAL BILL

WASHINGTON, Aug. 8.—When de-  
bate on the canal bill was resumed in  
the Senate this morning, Johnson of  
Alabama, suggested limiting the  
speeches to five minutes each and  
demanded a vote today. Half a dozen  
senators leaped to the floor to op-  
pose the motion.

An amendment to the bill permit-  
ting vessels paying tolls upon pass-  
ing through the canal with ballast to  
get a fifty per cent rebate when re-  
turning with cargo, is now being  
considered.

Williams again offered his amend-  
ment permitting American-owned ves-  
sels constructed abroad and engaged  
in coastwise traffic to be passed free.  
Lodge opposed it.

BEEF PRICES HIT  
NEW HIGH MARK

CHICAGO, Aug. 8.—For the second  
time within two days beef today re-  
ached another high mark, the price be-  
ing \$10.25 per hundred pounds on the  
hoof.

Yesterday's mark, which established  
a new American price, was \$10.10.  
This new price was paid for the best  
grade of cattle.

Range steers also reached a new  
figure when a lot of native-bred west-  
ern steers were sold for \$6.35 per 100  
pounds.

The advance in the price of cattle  
on the hoof, according to the stock-  
men, is due to a shortage which has  
never been so marked as at the pres-  
ent time. Cattle breeders are short  
on unfinished steers and high feed  
have forced them to market  
many steers before they were ready  
for sale. Ranges are being cut down  
so that the source of supply of feeder  
cattle is getting smaller each year.

Traders at the stockyards expect  
even higher prices before there is any  
reaction.

STUBBS PROBABLY  
DEFEATED CURTIS

TOPEKA, Aug. 8.—Latest returns  
indicate that Governor Stubbs, Pro-  
gressive, has defeated Charles Curtis  
for the senatorship.

Stubbs claims he carried eighty-five  
counties. Late returns show increas-  
ing majorities for the Roosevelt elec-  
tors.

TABACCO TRUST PAYS  
20 PER CENT DIVIDEND

NEW YORK, Aug. 8.—The Ameri-  
can Tobacco Company has declared a  
special cash dividend of 20 per  
cent on the common stock, in addi-  
tion to the regular quarterly dividend  
of 2 1/2 per cent. The company also  
announces a distribution of 12,000  
shares of stock of the American Ma-  
chinery and Foundry Company to  
stockholders of the American Tobac-  
co Company.

650 ARE IMPRISONED  
BY MINE EXPLOSION

BERLIN, Aug. 8.—Six hun-  
dred and fifty miners were im-  
prisoned by a terrific explosion  
in the Lethringen mine near  
Ceth today. The day shift  
had just descended when fire-  
damp flared. Eight dead and  
sixteen seriously injured have  
been found. Rescuers hope  
that the majority are unhurt.

PRESIDENT BACK AT  
THE EXECUTIVE OFFICES

WASHINGTON, Aug. 8.—Return-  
ing from Cincinnati, where he attend-  
ed the funeral of his wife's father,  
John W. Herron, President Taft  
went immediately to the executive  
offices.

## STALWART WESTERNER IS SECOND ON TICKET

GOV. HIRAM W. JOHNSON

## STANDS FOR RIGHT OF PEOPLE TO RULE

Platform Adopted Is Best of Forty Drafts  
Submitted—Is a Charter of Human  
Rights—No Issue Slighted

CHICAGO, Aug. 8.—The platform  
adopted by the Progressive party in  
national convention here yesterday is  
the weaving together of more than  
forty platforms submitted to the con-  
vention by statesmen from every sec-  
tion of the country. More than sixty  
hours hard work was devoted to se-  
lecting the strongest planks in the  
various offerings and in weaving  
them together into the strong instru-  
ment finally accepted by the conven-  
tion.

In opening the platform says:  
The conscience of the people, in a  
time of grave national problems, has  
called into being a new party, born  
of the nation's awakened sense of  
justice.

We of the Progressive party here  
dedicate ourselves to the fulfillment  
of the duty laid upon us by our fathers,  
to maintain that government of  
the people, by the people and for the  
people, whose foundations they laid.

We hold with Thomas Jefferson and  
Abraham Lincoln that the people are  
the masters of their constitution to  
fulfill its purposes, and to safeguard  
it from those who, by perversion of its  
intent, would convert it to an instru-  
ment of injustice. In accordance with  
the needs of each generation, the peo-  
ple must use their sovereign powers  
to establish and maintain equal op-  
portunity and industrial justice, to se-  
cure which this government was found-  
ed and without which no republic can  
endure.

This country belongs to the people  
who inherit it. Its resources, its  
business, its institutions and its  
laws should be utilized, maintained or  
altered in whatever manner will best  
promote the general interest.

It is time to set the public welfare  
in the first place.

Old Parties Corrupt

It is declared that instead of instru-  
ments to promote the general welfare,  
the old parties have become the tools  
of corrupt interests. The deliberate  
betrayal of its trust by the Republi-  
can party and the fatal incapacity of  
the Democratic party have forced the  
people to forge a new instrument of  
government.

The Rule of the People

The Progressive party, committed  
to the principle of government by a  
self-controlled democracy, expressing  
its will through representatives of the  
people, pledges itself to secure such  
alterations in the fundamental law of  
the several states and of the United  
States as shall insure the representa-  
tive character of the government. In  
particular the party declares for di-  
rect primaries for the nomination of  
state and national officers, for nation-  
wide preferential primaries for candi-  
dates for the presidency, for the di-  
rect election of United States senators  
by the people, and we urge on the  
states the policy of the short ballot  
with responsibility to the people se-  
cured by the initiative, referendum  
and recall.

The Progressive party, believing  
that a free people should have the  
power from time to time to amend  
their fundamental law so as to adapt

it progressively to the changing needs  
of the people, pledges itself to provide  
a more easy and expeditious method  
of amending the federal constitution.

Equal Suffrage

The Progressive party, believing  
that no people can justly claim to be  
a true democracy which denies poli-  
tical rights on account of sex, pledges  
itself to the task of securing equal  
suffrage to men and women alike.

We pledge our party to legislation  
that will compel strict limitation of  
all campaign contributions and expen-  
ditures, and detailed publicity of both  
before as well as after primaries and  
elections.

We pledge our party to legislation  
compelling the registration of lobby-  
ists, publicity of committee hearings  
except on foreign affairs, and recording  
of all votes in committee; and forbid-  
ding federal appointees from holding  
office in state or national political or-  
ganizations, or taking part as officers  
or delegates in political conventions  
for the nomination of elective state  
or national officials.

Restriction of Courts

The Progressive party demands  
such restriction of the power of the  
courts as shall leave to the people the  
ultimate authority to determine fun-  
damental questions of social welfare and  
public policy. To secure this end, it  
pledges itself to provide: No. 1, that  
when an act, passed under the police  
power of the state, is held uncon-  
stitutional under the state constitution  
by the courts, the people, after an am-  
ple interval for deliberation, shall  
have an opportunity to vote on the  
question whether they desire the act  
to become law notwithstanding such  
decision. No. 2, that every decision  
of the highest appellate court of a  
state declaring an act of the legisla-  
ture unconstitutional on the ground  
of its violating the federal constitu-  
tion shall be subject to the same  
review of the supreme court of the  
United States as is now accorded to  
decisions sustaining such legislation.

The party is further pledged to  
work for reform of legal procedure  
and judicial methods. Opposition is  
announced to the issuance of injunc-  
tions in labor disputes where such in-  
junctions would not apply if no labor  
dispute existed.

Social and Industrial Justice

The supreme duty of the nation is  
the conservation of human resources  
through the enlarged measure of so-  
cial and industrial justice. We pledge  
ourselves to work unceasingly in state  
and nation for:

Effective legislation looking to the  
prevention of industrial accidents, oc-  
cupational diseases, overwork, invol-  
untary unemployment, and other in-  
jurious effect incident to modern in-  
dustry.

The fixing of minimum safety and  
health standards for the various oc-  
cupations, and the exercise of the pub-  
lic authority of state and nation in-  
cluding the federal control over in-  
terstate commerce, and the taxing  
power, to maintain such standards.

The prohibition of child labor. Min-  
(Concluded on Page Three)

## FOUL MURDER STIRS WHOLE COUNTY

Two Girls Found Weltering in  
Blood in Lonely House Near  
Douglas City

A STEP-BROTHER IS  
SUSPECTED OF CRIME

Entire County Forms Into  
Posses to Join in Chase  
of Fugitive

WEAVERVILLE, Cal., Aug. 8.—  
The bodies of Elba Gould, aged six-  
teen, and Kate Gould, aged thirteen,  
with bullet holes through their heads  
and bodies, have been found in a  
house on Trinity river, four miles  
below Douglas City.

Posses are pursuing George Lor-  
enz, a rejected suitor of the older  
girl, who has taken to the hills armed  
with rifle and automatic pistol. Of-  
ficers believe Lorenz killed the  
girls, who were sisters, in revenge  
for his unsuccessful suit.

The girls were shot at the home of  
William Lorenz, their stepfather,  
with whom they and their suspected  
slayer lived. The younger girl was  
shot in the back of the head, the  
older through the eye and temple.

There were evidences of a terri-  
ble struggle. The older girl's cloth-  
ing was torn and her hair pulled out,  
and blood was scattered throughout  
the room. The younger girl, it is be-  
lieved, was killed while trying to es-  
cape from the room. It is believed  
the killing occurred about 3 o'clock  
yesterday afternoon. Miners in a  
neighboring mine heard shots then.

Following dinner yesterday the  
mother went to Douglas City, leaving  
the girls with George. She returned  
and found the bodies, and George  
missing. Lorenz is about thirty. His  
previous reputation was good. An in-  
quest is being held on the girls'  
bodies today. The entire county-  
side is searching for the suspected  
man.

DARROW TRIAL DRAGS  
SLOWLY TOWARD END

LOS ANGELES, Aug. 8.—Judge  
Hutton today ruled in favor of the  
Darrow defense, declaring inadmis-  
sible the testimony of Edward Can-  
twell, Socialist orator, through whom  
the prosecution attempted to indicate  
that Job Harriman had knowledge of  
the plot to dynamite the Times build-  
ing. James M. Ruff, a motorman,  
was called by the state in rebuttal to  
attack the testimony of Frank Wolfe,  
newspaperman, who testified that  
Darrow was with him during the  
morning of the alleged bribery.

Juror Leavitt Sinking

Juror Leavitt, who was compelled  
to withdraw from the Darrow trial  
because of appendicitis, is reported  
sinking today. He was operated on  
Tuesday and was apparently recover-  
ing.

HUNDRED BADLY HURT  
IN BOSTON WRECK

BOSTON, Aug. 8.—Although every  
coach left the rails, and several were  
overturned when the New Haven flyer  
was wrecked today in South Boston,  
only two were killed. More than a hun-  
dred were seriously injured, but none  
fatally. The cause has not been deter-  
mined.

DAM BURSTS ON OHIO,  
LOSS IS \$300,000

GALLIPOLIS, Ohio, Aug. 8.—Dam  
No. 26 on the Ohio river burst today.  
The damage is estimated at \$300,000.  
The structure cost a million. It had  
just been completed by the federal  
government, and will require a year to  
rebuild.

TURKS AND MONTENEGRINS  
ARE STILL FIGHTING

CENTINJE, Montenegro, Aug. 8.—  
Border fighting between Montene-  
grins and Turks is continuing today.  
It is reported here that the foreign  
ministers have agreed on a joint  
commission to settle the boundary  
dispute.

WILSON TO BE PHOTOGRAPHED

SEAGIRT, N. J., Aug. 8.—Governor  
Wilson went to New York this after-  
noon for a two days' conference with  
his advisers, and to pose for cam-  
paign photographs.

Usual Thing

"After all, things are pretty evenly  
apportioned in this world." "Eh-ye-  
A strong-minded woman generally has  
a weak-minded husband."—Smart Set.

### LEMONS SAFE THIS SESSION

Underwood Says Tariff Cannot be Disturbed, But Hopes Better Luck Next Time

WASHINGTON, Aug. 8.—Although New York importers of foreign lemons have been hoping for legislation to put them on the free list, it is now practically certain that no tariff legislation affecting citrus fruits will be had at this session of Congress.

#### Keeping It Up

No man can keep up with the auto game unless he has his machine looked over every little while by an expert machinist who knows the structure and mechanism of the standard car from A to Z.

newed when the December session of Congress opens.

For the past several weeks Representative Needham of the ways and means committee and Representative Stephens of the Southern citrus belt have been sitting on the lemon lid for fear of an unexpected amendment to one of the tariff measures putting lemons on the free list.

During the special session last year lemons were added to a provision putting cement on the free list, and the amendment passed the House before a point of order could be interposed. A lemon amendment to any of the pending tariff bills would be out of order, but Needham and Stephens have taken turns keeping guard in case a lemon amendment should bob up.

Their fears were practically put at rest today by Representative Underwood, who said:

"I would like to see free lemons go through at this session, but do not see how it can be done. The only way the proposition can now be brought up is in an amendment to the sugar bill, and it looks as though this legislation will not pass. Even if it did, it would be vetoed by the President, and even if a lemon amendment were offered to the bill it would be subject to a point of order."

"The excise bill was introduced to supplement the sugar bill and provide for the loss of revenue through placing sugar on the free list. If the sugar bill fails there will be no present need for the excise tax bill, and it appears as if there will be no action on either of these measures at this session."

"Next session, however, the lemon question will be taken up and lemons put on the free list if it can be done."

**HER TWENTY-EIGHTH CHILD**  
NIAGARA FALLS, N. Y., Aug. 8.—An eight-pound boy, her twenty-eighth child, was born yesterday to Mrs. Phillip E. Webster. Mrs. Webster is 44 years of age, was married when she was 16, and of her children there were three pairs of twins and two sets of triplets. Eight of the twenty-eight are still alive.

### DONATIONS TO BE ACCEPTED

Canned Fruit, Jams and Jellies Are Needed For the Y. M. C. A. Camp

The boys who are going to Camp Wilkie, the County Y.M.C.A. camp, are desirous of taking along a good supply of canned fruits, preserves, jellies, marmalades, jams, etc., and so are arranging to receive donations of such articles and to pack them and ship by freight to the camp. The following friends of the Y.M.C.A. boys have kindly agreed to receive and pack all such donations and forward the same: D. L. Anderson, at his grocery, 113 East Fourth street, Santa Ana; M. Peterman, at the grocery in Anaheim; C. W. Dean, at his hardware store in Fullerton; P. M. German, at his jewelry store in Garden Grove; and G. C. Woods, at his dry goods store in Orange.

Not only parents, aunts and uncles, and other relatives are invited to contribute, but also all friends of the association and of the boys. Anyone having anything in this line which can be spared is invited to leave it at any of the assigned receiving stations.

It may be interesting to know that the camping party will number about 100, of whom 85 are boys and 15 are leaders and adults. The following is the list of those going from this county:

Wesley Jayne, Theodore Kuechel, Perry Thomas, Wm. J. Sebastian, J. P. Sebastian, David Anderson, Lee Durham, Frank West, Benjamin Brubaker, Walter Brubaker, Donald Smith, John McCune, Clarence Stom, Paul Tedrick, Charlie Pearson, Foster Chambers, Joseph Elliott, Prescott Mills, Kenneth McLean, Herbert Goffier, Harold Finley, Malcolm Finley, Earl Granger, Leland Thurston, Dixon Tibbs, Fred Forgy, Kaiser Gobar, Oran Snodgrass, Ralph Jayne, Geo. Steidinger, Romaine Camfield, Edson Gobar, Frank Blake, Frank Knight, Loring Dale, Frank Powell, Elmo Davis, Donal Anderson, Jules Jacques, Diedrich Burdorf, Lawrence Schultz, Lester Warman, Welles Innes, Edward Stuart, Julian Mathews, Burton Rowley, Bruce Wallace, J. L. Bascom, Ray Beardsley, Virgil Deaver, Victor Deaver and Forest Roberts.  
The leaders are R. J. Hamilton, Earl C. Ford, Arthur Anderson, Frank Swain, George Hampton, Ray Elliott, E. B. Douglass, George Oertly, Ben Oertly, and Martin Warren.  
It is planned to send frequent write-ups of the camp life and activities

so that parents and friends at home will know what is going on at camp. The campers will leave on the Pacific Electric next Wednesday morning on the 1:20 car from Santa Ana.

#### DANDRUFF DISAPPEARS

Scalp Itch Vanishes and Hair Quickly Stops Falling

PARISIAN Sage—remember the name when you want a good pure hair tonic free from dangerous lead and other dyes.

PARISIAN Sage is not a dye. Most tonics that dye the hair are full of poison and are dangerous to use. PARISIAN Sage is a clean delightful hair dressing that nourishes the hair roots and besides killing the dandruff germs imparts life and beauty to the hair. Your hair will look nice and brilliant after applying PARISIAN Sage and you can quickly get rid of dandruff and scalp itch and stop the hair from falling. Avoid imitations—get the genuine. The girl with the Auburn hair is on every bottle and carton. Large bottles 50 cents at the Rowley Drug Company and dealers everywhere.

#### WORKS CHAIRMAN OF FISHERIES COMMITTEE

WASHINGTON, Aug. 8.—Committee assignments in a re-arrangement due to vacancies places La Follette on the interstate commerce committee. Works is chairman of the fisheries committee. Jones of Washington is chairman of the irrigation committee. Poindexter of Washington is chairman of the Pacific and Pacific Islands committee, and Oliver of Pennsylvania of the appropriations committee.

### BIG SEASON AHEAD OF IT

Grand Opera House Manager Expects to Book More Than 100 Performances

The coming season will be the biggest season in the history of the Grand Opera House. Judging from the bookings already made by Capt. N. A. Ulm, manager of the opera house, there will be more than 100 performances during the season beginning in September. No less than fifty of the bookings are companies booked out of New York.

The success with which Capt. Ulm has handled the Grand Opera House since he took charge of it, a few months ago is indicated by the manner in which his show-house is sought by those having in charge the arrangements for next season's shows. Santa Anans will have an opportunity to see better shows and more of them than ever before. In making dates Capt. Ulm holds strictly to his plan of refusing to consider Sunday performances.

The season will open on September 6 with "Beverly of Graustark." Other dates announced by the manager are:  
Nov. 1—"Old Kentucky."  
Dec. 11—"The Chocolate Soldier."  
Dec. 20—"The Rosary."  
Dec. 23—"Madame Sherry."  
Jan. 4—"Uncle Josh Perkins."  
Jan. 7—"Ole Oleon."  
Jan. 15—"Miss Ethel Barrymore."  
Jan. 21—"The Confession Company."  
Feb. 7—"Mutt and Jeff."  
March 27—"Busy Izzy."  
April 18—"Rose Stahl."  
"The Merry Widow" will be here some time in November.

#### DIAMOND HEELS INVENTOR LAUNCHES NEW FREAK

WASHINGTON, D. C., Aug. 8.—Mrs. Charles Anthony of Muncie, Ind., who introduced diamond heels into the White House last year, plans to descend on the national capital in November with her latest fad in foot gear—slippers with tiny gold watches set in them.

No one will have any trouble telling the time when Mrs. Anthony arrives. According to friends of hers here, the watch slippers are being made for her in Paris, and they will be encrusted in precious stones. Coincident with her new fad, Mrs. Anthony is busy with modiste and milliner preparing another \$50,000 outfit of winter finery.

# STANDS FOR RIGHT OF PEOPLE TO RULE

(Continued from page 1)

imum wage standards for working women to provide a "living wage" in all industrial occupations.

The general prohibition of night work for women and the establishment of an eight-hour day for women and young persons.

One day's rest in seven for all wage earners. The eight-hour day in continuous twenty-four-hour industries.

The abolition of the convict contract labor system, substituting a system of prison production for governmental consumption only, and the application of prisoners' earnings to the support of their dependent families.

Publicity as to wages, hours and conditions of labor, full reports upon industrial accidents and diseases, and the opening to public inspection of all tallies, weights, measures and check systems on labor products.

Standards of compensation for death by industrial accident and injury and trade disease which will transfer the burden of lost earnings from the families of working people to the industry and thus to the community.

The protection of homelife against the hazards of sickness, irregular employment and old age through the adoption of a system of social insurance adapted to American use.

The development of the creative labor power of America by lifting the last load of illiteracy from American youth and establishing continuation schools for industrial education under public control and encouraging agricultural education and demonstration in rural schools.

The establishment of industrial research laboratories to put the methods and discoveries of science at the service of the American producers.

We favor the organization of the workers, men and women, as a means of protecting their interests and of promoting their progress.

The party is pledged to the creation of a department of labor, with a seat in the Cabinet.

Along the line of development and prosperity of country life the party is pledged to foster the development of agricultural credit and co-operation, agricultural college extension, and use of mechanical power for more economical production.

**Cost of Living**  
The high cost of living is due partly to world-wide and partly to local causes, partly to natural and partly to artificial causes. The measures proposed in this platform on various subjects, such as the tariff, the trusts and conservation, will of themselves re-

move the artificial causes. There will remain other elements such as the tendency to leave the country for the city, waste, poor methods of raising crops and bad business methods in marketing crops. To remedy these conditions requires the fullest information and based on this information effective government supervision and control to remove all the artificial causes. We pledge ourselves to such full and immediate inquiry and to immediately deal with every need such inquiry discloses.

**Business Regulation**  
It is declared that the true test of prosperity should be the benefits conferred thereby on all citizens, not on individuals or classes, and the test of corporate efficiency should be the ability better to serve the public. For that reason a strong national regulation of interstate corporations is demanded. The corporation, it is set forth, is an essential part of modern business, and concentration of modern business in some degree is both inevitable and necessary. But the existing concentration of vast wealth under a corporate system, unguarded and uncontrolled by the nation, has placed in the hands of a few men enormous, secret, irresponsible power over the daily life of the citizen, a power insufferable in a free government and certain of abuse.

To secure the proper supervision of commercial operation the platform urges the establishment of a strong federal administrative commission of high standing, which will maintain permanent active supervision over industrial corporations engaged in interstate commerce, or of such of them as are of public importance, doing for them what the government now does for national banks, and what is now done for the railroads by the Interstate Commerce Commission. Such a commission must enforce the complete publicity of those corporate transactions which are of public interest; must attack unfair competition, false capitalization and special privilege, and by continuous trained watchfulness guard and keep open equally to all the highways of American commerce.

**Reform of Patent Law**  
We pledge ourselves to the enactment of a patent law which will make it impossible for patents to be suppressed or used against the public welfare in the interests of injurious monopolies.

We pledge our party to secure the Interstate Commerce Commission the power to value the physical property of railroads. In order that the power of the commission to protect the people may not be impaired or destroyed, we demand the abolition of the commerce court.

**Currency Legislation**  
Imperative need for improvement of the national currency system is

urged. The platform declares the present method of issuing notes through private agencies harmful and unscientific. Control of this issue should be lodged with the government and protected from Wall Street influence. The Aldrich currency bill is opposed because it would place control of the national credit system in private hands.

**Commercial Expansion**  
The time has come when the federal government should co-operate with manufacturers and producers in extending our foreign commerce. To this end we demand adequate appropriations by congress, and the appointment of diplomatic and consular officers solely with a view to their special fitness and worth, and not in consideration of political expediency.

It is imperative to the welfare of our people that we enlarge and extend our foreign commerce. We are pre-eminently fitted to do this because as a people we have developed high skill in the art of manufacturing; our business men are strong executives, strong organizers.

**Conservation**  
The party is pledged to protect the national forests without hindering their legitimate use for the benefit of all the people. Agricultural lands in the national forests should remain open to the genuine settlers. The belief is declared that remaining natural resources are most likely to be wisely conserved if held in the public lands.

In order that consumers and producers and managers and workmen, now and hereafter, need not pay toll to private monopolies of power and raw material, we demand that such resources shall be retained by the state or nation and opened to immediate use under the laws which will encourage development and make to the people a moderate return for benefits conferred. In particular we pledge our party to require reasonable compensation to the public for water power rights hereafter granted by the public. We pledge legislation to lease the public grazing lands under equitable provisions now pending which will increase the production of food for the people and thoroughly safeguard the rights of the actual home-maker.

**Good Roads**  
We recognize the vital importance of good roads and we pledge our party to foster their extension in every proper way, and we favor the early construction of national highways. We also favor the extension of the rural free delivery service.

The platform declares that the coal and other natural resources of Alaska should be opened to development. It is demanded that these neither be sold nor given away except under the homestead law.

The rivers of the country should be opened to traffic as an indispensable part of a great nation-wide system of transportation. The party is pledged to the immediate preparation of a comprehensive plan for the development of our rivers, especially the Mississippi, from source to mouth.

**The Panama Canal**  
The Panama canal, built and paid for by the American people, must be used primarily for their benefit. We demand that the canal shall be so operated as to break the transportation monopoly now held and misused by the transcontinental railroads by maintaining sea competition with them that ships directly or indirectly owned or controlled by American corporations shall not be permitted to use the canal and that American ships engaged in coastwise trade shall pay no tolls.

**The Tariff**  
We believe in a protective tariff which shall equalize conditions of competition between the United States and foreign countries both for the farmer and the manufacturer, and which shall maintain for labor an adequate standard of living.

Primarily the benefit of any tariff should be disclosed in the pay envelope of the laborer. We declare that no industry deserves protection

which is unfair to labor or which is operating in violation of federal laws. We believe that the presumption is always in favor of the consuming public.

We demand tariff revision because the present tariff is unjust to the people of the United States. Fair dealing toward the people requires an amount of downward revision of those schedules wherein duties are shown to be unjust or excessive.

We pledge ourselves to the establishment of a non-partisan scientific tariff commission reporting to the President or either branch of congress which shall report: First, as to the cost of production, efficiency of labor, capitalization, industrial organization and efficiency and the general competitive position in this country and abroad of industries seeking protection from congress; second, as to the revenue producing power of the tariff and its relation to the resources of government; and third, as to the effect of the tariff on prices, operations of middlemen, and on the purchasing power of the consumer. We believe that this commission should have plenary power to elicit information, and for this purpose to prescribe a uniform system of accounting for the greatest protected industries. The work of the commission should not prevent the immediate adoption of acts reducing those schedules generally recognized as excessive.

We condemn the Payne-Aldrich bill as unjust to the people. The Republican organization is in the hands of those who have broken and cannot be trusted to keep the promise of downward revision.

The Democratic party is committed to the destruction of the protective system through a tariff for revenue only—a policy which would inevitably produce widespread industrial and commercial disaster. We demand the immediate repeal of the Canadian reciprocity act.

A graduated inheritance tax is favored as a national means of equalizing the obligations of property-holders to the government.

The party deprecates the survival of the barbaric system of warfare among nations, and pledges itself to use its best efforts to substitute judicial and other peaceful means of settling international disputes. For the present the policy of building two battleships a year is favored.

**Pensions**  
We pledge ourselves to a wise and just policy of pensioning American soldiers and sailors and their widows and children by the federal government.

And we approve the policy of the southern states in granting pensions to the ex-Confederate soldiers and sailors and their widows and children.

We pledge our party to the immediate creation of a parcels post with rate proportionate to distance and service.

**Civil Service**  
We condemn the violation of the civil service law by the present administration including the coercion and assessment of subordinate employees, and the President's refusal to punish such violation after a finding of guilty by his own commission.

To eradicate these abuses we demand not only the enforcement of the civil service act in letter and spirit, but also legislation which will bring under the competitive system postmasters, collectors, marshals and all other non-political officers, as well as the enactment of an equitable retirement law, and we also insist upon continuous service during good behavior and efficiency.

**Supervision of Investments**  
The people of the United States are swindled out of many millions of dollars every year through worthless investments. The plain people, the wage-earner and the men and women with small savings, have no way of knowing the merit of concerns sending out highly colored prospectuses that make big returns seem certain and fortunes easily within grasp.

We hold it to be the duty of the government to protect its people from this kind of piracy. We, therefore, demand wise, carefully thought out legislation that will give us such governmental supervision over this matter as will furnish to the people of the United States this much-needed protection, and we pledge ourselves thereto.

**Conclusion**  
On these principles and on the recognized desirability of uniting the Progressive forces of the nation into an organization which shall unequivocally represent the progressive spirit and policy, we appeal for the support of all American citizens, without regard to previous political affiliations.

**NO REASON FOR IT**  
When Santa Ana Citizens Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Santa Ana citizen says:

W. A. Irvine, 811 E. St., Santa Ana, Cal., says: "I am an ardent believer in Doan's Kidney Pills now as when I publicly vouched for their merits in March, 1907. The praise I give Doan's Kidney Pills is duly warranted, as their use has brought me relief on a number of occasions from backache and sharp pains through my loins. This medicine which was procured at Dean's Drug Store (now Wheeler & Mateer's Drug Store) has also been helpful in other ways, relieving soreness through my kidneys and regulating the passages of the kidney secretions."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

REV. J. E. COCHRANE

## DISTRICT QUARTERLY CONFERENCE SATURDAY

Evangelistic Side of Church  
Work to be Emphasized  
at Meetings

This evening marks the beginning of the Riverside district quarterly conference, which convenes in the Free Methodist church at this place. The services will continue each day and evening until over the Sabbath. Rev. J. E. Cochrane, the district elder, will have general charge and preside at the conference on Saturday. A large number of visiting ministers and laymen will be present from Los Angeles, Pomona, Valley Center, Brawley, San Diego, Corona, Garden Grove, Riverside and Ontario. The evangelistic side of church work is to be emphasized in all the religious services.

The preaching this evening will commence at 7:30 p.m. There will be preaching tomorrow at 10 a.m., 2:30 p.m. and 7:30 p.m. On Saturday at 9 a.m. the district conference will convene, and at 2:30 the district Woman's Foreign Missionary Society will hold its business meeting. Saturday evening there will be preaching at 7:30 p.m. On the Sabbath the Sunday school will convene at 9:30 a.m.; love feast at 10 a.m.; preaching at 11 a.m. by the district elder. The morning sermon will be followed by the sacrament of the Lord's Supper. In the afternoon the services will be in charge of the Woman's Foreign Missionary Society. The sermon will be preached by the district elder. The Sunday evening service begins at 7 o'clock, with a prayer and praise service followed by preaching at 8 p.m.

## TWENTY YEARS SINCE MURDER OF M'KELVEY

Yesterday afternoon's Los Angeles Herald, under the department, "Twenty Years Ago in Los Angeles, from the Herald of Aug. 7, 1892," had the following:

"William McKelvey, foreman of Mrs. Modjeska's ranch at Santiago Canyon, murdered. An Indian workman suspected."

This reference brings to mind a story familiar to all the old-timers of this section. McKelvey was set upon and murdered by a Mexican named Torres, who was a wood-chopper at Orange for a time before going to work on the canyon ranch. Torres beat McKelvey over the head with a sycamore club, then stabbed him in the side.

Torres was pursued through the mountains. He was captured in San Diego county and brought back here, and was confined in the present city jail on Sycamore street. Robert Coghurn was in charge the night a mob visited the jail, took Torres and lynched him to a telephone pole that stood at the Turner Shoe Store corner, at Sycamore and Fourth streets.

**CLIMBED SUGAR LOAF; COULDN'T GET BACK**

AVALON, Aug. 8.—Yelling at the top of his voice for help Charles Coblan of San Diego tried for nearly two hours to attract the attention of several fishing parties so that they could help him out of a supposed difficulty. Early yesterday morning Coblan climbed to the top of Sugar Loaf, ninety feet high, and even though there were steps down to the base, he lost his nerve and dared not make the descent.

Two women in a skiff, hearing the calls, went to his assistance. After considerable persuasion and scolding the rescuers finally managed to get the frightened man down the steps.

Coblan claimed that when looking from any height he always felt like committing suicide and dared not look over the side onto the rocks and the water. Several persons on shore heard the cries for help, but thought that it was some one playing pranks.

My specialty is shoeing driving horses. CHAS. H. SMITH, 407 North Birch.

## PREPARED FOR BATTLE

The momentous and auspicious hour has arrived. The Progressive party is born. It breaks the record for infants. It was born a full-fledged man. Its strength is that of Samson; its wisdom that of Solomon; its true-heartedness that of David; its breadth of insight that of Moses; its purpose for justice, equity, and civic righteousness is nation-wide.

It is the purged and purified, rechristened and reincarnated Progressive Republican party, with all sectionalism wiped away, with vision broadened, with ideals elevated and clearly defined; and it will soon include in its ranks and leadership the best elements of all parties and all citizenship.

The leaders are not only national characters, but world-wide factors in this evolution of America in governmental organization toward a more real popular and representative nation. The men who are at the helm have been tried in public affairs and have proved themselves men of the best-tempered steel. There has never been a party so fortunate in the past. Look at the names of the Progressive leaders and then think of what they have stood and are standing for. The most remarkable character in modern history is Theodore Roosevelt, and Hiram W. Johnson is a man whose personality is on a par with that of his fellow candidate, and who would as astutely and in as statesmanlike manner preside in the nation should necessity thrust that responsibility upon him. These two men have stood the test. They have not talked only. They have acted. The benefits of their work to the masses and honest capital cannot yet be grasped fully. They will surpass our fondest dreams.

What shall be said of Beveridge, Garfield, Pinchot, McCormack, Lindsey, Lissner, and Dixon? To these can be added the names of scores of equally heroic men. What shall be said about the women of whom Jane Addams is an excellent example? Yes, the Progressive party already has in its ranks the bone, sinew, marrow and nerve of the intelligent and courageous citizenship of America.

The voter has before him or her the exact status of all parties now. Innuendo, sophistry, duplicity, sham, pretension, and hypocrisy will be heralded and hurled by standpat Republicans and compromising Democrats. There are but two parties out in the open daylight, the Progressive and the Socialist. Socialism is not only impossible but impracticable. Before it can succeed it must first reform or change human nature. In fact sane leadership among Socialists realizes that a deluge of tragedies would be enacted if Socialism were to win under present conditions.

The Republican party re-enacted the feast of Belshazzar in Chicago. Like the king and his henchmen who went to destruction in Babylon, they too were ignorant of the "hand-writing on the wall." Wall street has had its day. Its unlawful career will end with the victory of the Progressive party.

Anyone with ordinary insight can see that the Democrats are just as fully dominated by Wall street as the Republicans. The biggest farce, the hugest joke in the Baltimore convention was the adoption of Mr. Bryan's resolution anathematizing the Wall street leaders in his own party. It was passed to deceive him and all people of progressive sentiments.

Taking a dispassionate view one must admit that Roosevelt and Johnson are the men marked for election. They are to be executives of the first nation in the world. This whole world, through America, is to be awakened from its lethargy. The days long looked for and prophesied are about to be realized. No conscientious voter will deprive himself of the distinction which it is his duty and opportunity to achieve. Like those who voted for Lincoln and were proud of it, he will vote for Roosevelt and Johnson, an event never to be forgotten.

## THE PRICE OF DELAY

Procrastination by nations is as imprudent as by persons. President Taft, Colonel Goethals, and each from his own standpoint, months ago urged on Congress prompt and definite decision concerning administration of the Panama canal. Supposing that such action would be taken, the construction corps pushed its gigantic task with swiftness and thoroughness, and the national executive made pledges committing the nation to opening at a date next year. Had Con-

gress promptly set about debate of the important issues involved the present situation regarding the measure might have been avoided. For it is now urged that owing to the tangle of business facing Congress, the lateness of the sitting and the radical differences of opinion which exist, further action on all save minor details absolutely necessary to continuance of the work be postponed until next session.

Present conditions may justify refusal to deal superficially with so important a matter, involving as it does, napping of rates that shipping of all nations must pay and also definition by the United States of its ethical standards regarding treaty pledges. The inevitable effect, however, of a decision now to postpone settlement of vital policies of canal administration will be to complicate the problem which Colonel Goethals must meet; it will delay use of the waterway beyond the time set; and it may seriously affect the plans of enterprises such as the Panama-Pacific exposition, and must prolong the period of uncertainty which foreign and domestic owners of shipping have endured awaiting news of tolls to be imposed.—Christian Science Monitor.

## NAPOLEON AND SUGAR BEETS

Napoleon was the father of the sugar beet industry, according to Truman G. Palmer, who writes in the August National magazine. When Napoleon was struggling with England, that country was France's chief source of supply for sugar. He forbade commercial relations with England and had scientists concentrate their attention on the sugar beet as a substitute for the British source of supply.

The price of sugar in France jumped to a dollar a pound, and there was danger of a revolt at this policy of retaliation in which the consumer was getting the worst of it.

The reports of the chemists being favorable to the project, Napoleon directed that 90,000 acres be planted to the sugar beet.

As late as 1899 but 72,000,000 pounds of sugar beets were grown in the United States. In the present year the crop is estimated at 1,200,000,000 pounds, or a gain of 1600 per cent.

The industry is established in seventeen states and a half million acres are planted to sugar beets. Two hundred and seventy-five million acres are said to be adapted to beet raising.

## MR. TAFT'S DILEMMA

Having adopted the Democratic wool bill reducing the duties materially the senate "passes the buck" to the White House occupant who will now have to deal with what is practically the same measure that he disappointed last year. It will be recalled that his chief reason for vetoing the former wool bill was because the tariff board at that time had not reported on the wool industry, which it had been investigating, and Mr. Taft held that until he had been advised by the experts as to the conditions governing the wool manufacturing trade he was not justified in giving his approval to legislation that might prove to be wholly unfair.

Since that excuse was made the tariff board has reported that the present duties on Schedule K are indefensible and the conclusion reached by the expert investigators is that lower rates are justifiable. Voting with the Democratic senators in support of the joint conference bill were Messrs. Bristow, Clapp, Crawford, Groome, La Follette and Works, all classed as Progressives. The vote to adopt stood 35 to 28, hence to these half-dozen the country owes that relief from unduly high rates for the retention of which Mr. Taft must now be solely responsible if he declines to append his signature.

We hardly see how he can afford to veto the measure. He is on record as stating his belief that the wool schedules are unjust and the tariff board has relieved him from all embarrassment in the other direction. The standpaters are urging that he has nothing to gain politically by signing the measure, which is probably true, since the Democrats and Progressives will reap the credit for its enactment. But Mr. Taft still owes a duty to the people that transcends party politics. He was elected on his tariff revision promises; true he has not kept them, but his obligation remains, just the same.—Pasadena News.

## SUFFRAGE KNELL TO GAUZY FEMALE ATTIRE

CINCINNATI, Aug. 8.—The ballot in the hands of American women is going to sound the death knell of the too tight skirt, the too low "Dutch neck," the peek-a-boo waist and the too gauzy silk hose now worn by women, according to Miss Margaret Foley of Boston, organizer of the Massachusetts Suffrage Association, who is in Cincinnati aiding local suffrage campaigners.

BOULEVARD ROUTE CHOSEN  
SAN BERNARDINO, Aug. 8.—The triangular road committee, consisting of citizens of San Bernardino, Highland and Redlands, held a meeting in this city and decided upon the route of the proposed boulevard. The road will be built from San Bernardino to Redlands by way to Cottonwood row and Brookside; Redlands to Highland across the wash of the Santa Ana river; Highland to San Bernardino by

## LOVELORN SWAIN WOULD LIKE TO MARRY HELEN GOULD

CHESTER, W. Va., Aug. 7.—Rev. Elmer Huff of Grand Junction, Colo., whose condemnation of old maids called forth a rebuke, purporting to be from Miss Helen Gould, arrived in Chester last evening to pay a visit to his brother, Rev. C. G. Huff, pastor of the First Christian church of this place.

The Colorado minister stated during the last few weeks he has received nearly 2000 letters from bachelors and spinsters requesting him to arrange marriages for them. One letter, written from 3057 Decatur street, Fruitvale, Cal., and signed "Yours faithfully, John Gotham, says, in part:

"A friend told me about you and a woman, I think her name is Miss Helen Gould. Please make me acquainted with her. I will give you \$50 in five monthly installments. That is the best I can do at present."

## SAN BERNARDINO MILKMAN USES TOO MUCH WATER

SAN BERNARDINO, Aug. 8.—Found guilty of putting five gallons of water into twenty-six gallons of milk, A. H. Revis, a local dairyman, was fined \$50 in the township court today. Revis, who conducted his own defense, announced that he would appeal.

Ray Hasson, inspector for the State Dairy Association, caused the arrest of Revis when he had made tests of milk which the dairyman had delivered to the San Bernardino creamery. After taking milk for testing purposes, the percentage of solids in the milk increased as future deliveries were made.

## TO HOLD MEETINGS FOR THREE WEEKS

ORANGE, Aug. 8.—Next Sunday evening meetings that are to continue for three weeks will be commenced under the auspices of the Orange Young People's Union. The revival is to be in charge of the Fishermen's Club of Los Angeles, a band of energetic young men who led services here last year.

## MRS. AKELEY NOT FOUND IN PORTLAND

PORTLAND, Ore., Aug. 8.—Diligent search has failed to locate Mrs. C. C. Akeley, widow of the millionaire Minneapolis lumberman, who is rumored to be en route to Long Beach with millions worth of securities. She is not registered at any of the leading hotels and conductors of incoming eastern trains say no ticket bearing her name has been presented.

## PORTLAND SWEEP BY SEVERE ELECTRIC STORM

PORTLAND, Ore., Aug. 8.—The Willamette valley was swept by a severe electrical storm this morning. Lightning struck twice between Portland and Oregon City. Hawthorne bridge was twice struck, throwing hundreds into a panic. One man was slightly injured in the western section of the city when knocked down by a bolt. Street cars were delayed.

Claims to be a "Progressive Republican," But is Supporting President Taft

LEWIS R. KIRBY

## EXPECT TO ORGANIZE CLUBS IN SEPTEMBER

Deputy Game Commissioner W. K. Robinson today received a letter from the State Fish and Game Commission stating that it is the intention of the commission to organize county game associations in September. A representative is to be sent to the various counties by the commission for that purpose. The letter was in answer to an inquiry from Robinson, who had been informed that a number of local sportsmen are anxious to call a meeting and elect officers at once.

Correction Needed  
In regard to a statement in a court report of Tuesday, the Register is informed that Mrs. Polly Smith does not run a rooming-house at her place of business on West Fourth street, but conducts a small store and has a few boarders. The Richelieu rooming house had no connection with the affair that was in court.

## CLUB DINNER

Lady Cantons Spend Delightful Day at Picturesque Home in Olive

The Lady Canton Club held a jolly meeting yesterday at the home of Mrs. Katie Heitschusen in Olive. The trip was made in four automobiles, the fourteen-mile ride adding much to the pleasure of the day.

Mrs. Heitschusen, Jr. and Miss Anna Heitschusen assisted the hostess in serving a delicious chicken dinner, which consisted of stewed chicken with gravy, creamed peas, mashed potatoes, home made pickles, olives, tomato salad, pineapple ice, coffee and tea. A pleasant surprise feature of the dinner was a beautiful birthday cake decorated with oh, ever and ever so many candles—which was presented to Mrs. Mary Hubbard by the hostess. Mrs. Hubbard also was treated to a shower of postal cards. Before departing the guests gave three cheers for Mrs. Heitschusen for the delightful entertainment.

The following are the ladies who enjoyed the affair: Mesdames A. E. Shoemaker, Robert Squires, J. R. Fowler, J. Martin, J. E. Liebig, C. W. Sheats, A. Holt, C. F. Hubbard, Robert Wallace, D. Spradlin, Frank Adams, A. E. Bird, W. J. Cozad, J. Morrison, Charles Mattern and George Peters.

## From Foreign Missions

Rev. and Mrs. E. Wade Koons, missionaries, and two little daughters, who have returned to the States for a well earned year's furlough, reached Santa Ana yesterday. They will make an extended visit in the home of Mrs. Koons' parents, Mr. and Mrs. F. S. Donaldson, 1006 South Main street, and with the W. E. and J. E. Ward families. Their field of labor has been Korea, their station Chai Ryung. All persons interested in foreign missions are cordially invited to call at the Donaldson home and make their acquaintance.

## "Y's" For a Jolly Time

The "Y's" are to have a hay ride and a "wienie" bake Friday night. They assemble at the home of their president, Miss Clevenger, and go to the home of Miss Vera Brooks.

## U. P. Missionary Meeting

The Woman's Missionary Society of the United Presbyterian church met yesterday afternoon at the home of Mrs. J. L. Kellogg, 621 Orange avenue. The subject for discussion was: "Our Women's General Missionary Society." Mrs. C. C. Collins led the de-

We are going to have scores of Kindergartners in the Conservatory the coming year—more than ever before. Miss Sarah Gardner and Miss Stella Jessup have been perfecting themselves this summer in the Burrows Musical Kindergarten Method, and, together with Miss Haughton, will be able to handle the work splendidly.

The public's appreciation of the merits of this method is growing daily.

## BIRTHDAY DINNER

Miss Norma Wingood Honors Sister's Birthday With Dinner at Dragon

Miss Norma Wingood entertained very charmingly last evening with a 6 o'clock dinner in honor of her sister, Miss Elsie Wingood's birthday.

The four-course dinner was served at the round table in the balcony of the Dragon, with delicate shades of pink and green prevailing in the decorations. A centerpiece, which bore the stamp of the Dragon individuality, was formed of Enchantress carnations and maldenian ferns massed around a pedestal bearing pink candles to the number of birthdays celebrated by the complimented guest. The figure for the birthday being honored was inscribed on the individual cakes and after-dinner mints in a scroll of pink frosting.

Pink carnations also appeared on the place cards which marked covers for the guest of honor, Miss Elsie Wingood, Misses Greeba Scott, Arvilla Ball, Marie Biggs, Louise Grubb, Katherine Gilbert of Long Beach, Ada Moore, Alice Cranston, Muriel Lee, Stella Nilsson and Norma Wingood. The remainder of the evening was spent at Birch Park, where the young ladies enjoyed the band concert.

## Personals

Mrs. G. H. Andrews left yesterday for her old home in London, Canada, where she expects to make a visit of three months in the hope of benefiting her health. Mrs. Andrews took a heavy cold from which she has never recovered when on her way to California about a year ago, but she hopes that a decided change of climate will restore her health.

Mr. and Mrs. C. E. Percival and their house guest, Mrs. C. M. Allen of Pomona, went to Long Beach this morning to spend the day. Mrs. Allen will return to her home direct from Long Beach.

Mrs. J. Z. Fuller and Miss Bertha Lawton, both of Orange, were Newport Beach visitors for the day.

Mrs. C. D. Cooke and her sister, Mrs. Wares of Michigan, went to Long Beach this morning to attend the Assembly, now in progress at that city. They will be the guests of Mrs. N. Litvay during their stay, which will probably extend over the rest of the week.

Robert Gill is spending his vacation in California and is now in Santa Ana. He will later visit friends in the northern part of the state. Mr. Gill talks interestingly of conditions in Mexico and predicts more trouble ahead.

Mrs. X. D. Ayers and sons, Xenia and Glenn, went to Long Beach this morning for a few days' outing.

Mrs. Hetty Rogers, Mrs. S. A. Parker and little Dorothy Parker, who are touring California and have been visiting Mrs. E. L. Evans for the past two weeks, left this morning for San Dimas where they will visit friends before returning to their homes in Colorado and Montana, respectively.

Mr. and Mrs. Mac Robbins were Los Angeles visitors for the day.

Mrs. H. Adler and Dan Gelderman spent today at Newport Beach.

Mr. and Mrs. J. L. Cannon of 410 South Broadway returned last night from a visit with relatives and friends in the central states.

W. D. Moore and family leave in the morning for a ten days' outing near Glendale.

Miss Boyd and Mrs. Hiram Connell left last night for a week's stay at Laguna.

Mrs. J. W. Elliott of North Main street has her house guests Mrs. A. E. Bartlett and daughters, Misses Fern and Fay Bartlett, of Osage, Iowa. The visitors will probably make a visit of two months at the Elliott home. This morning they went to Los Angeles to spend a few days with relatives living in that city.

Dr. Mabel Vance and her mother, Mrs. Thomas Vance, were visitors in Los Angeles for the day.

Mr. and Mrs. Sam C. Newnes and baby, Madeline, are moving to Anaheim today. They came to Santa Ana about six months ago from Fortye, Montana, and shortly thereafter Mr. Newnes purchased an interest in the men's outfitting establishment at Anaheim which is now known as Gustin & Newnes. However, they have waited until now to change their place of residence, Mr. Newnes going back and forth each day in his automobile.

## DANCING LESSONS

I will give regular Dances in Brotherhood Hall every Saturday and Wednesday nights. Also give lessons on Wednesdays and Saturdays.

R. C. CARTER.

## GLASSES THAT ARE BECOMING

As well as perfect fitting are not always combined. A point that we always keep in mind is to fit the frame that looks best and feels easiest, as well as giving a perfect optical correction. If your eyes trouble you call and see us.

**Vandermaast & Son**

## TRUSTS RESPONSIBLE FOR LIVING COST

So Declares Vice President of Organization Which Labors For Cheaper Prices

Los Angeles Tribune: High living is not the cause of the high cost of living, declared Mrs. Frederick Nathan, vice president of the National Consumers' League, in a talk after a luncheon given by the Civic Association at the California Club yesterday.

The trusts are entirely to blame, she asserted, for the boosting of prices on necessary commodities, while those who live well are providing occupations for others.

Mrs. Nathan's subject was chosen in response to the request of Mrs. James Bert Stearns, chairman of the Consumers' League department of the organization, to speak on the high cost of living.

"The consumers could control the entire situation," said Mrs. Nathan. "Organized, they would be the leaven in the mass to bring about better conditions for consumer and laborer. If the housewives will stand together and refuse to buy an article that is cornered by the trusts, the price will go down; I have seen this demonstrated."

"Nothing is reduced without demand from the consumer. The public is responsible for the short season of some of the textile workers, because merchants cannot place orders early in the season, which would mean a long period of short hours for the laborer, when they 'dilly-dally' and wait for styles to appear before patronizing the retailers."

## FINISH ROAD IN DECEMBER

Man Who Gets Contract For Sevierville Canyon Job Lives at Riverside

Oscar Ford, who was awarded the contract for building the road up Sevierville canyon, is a Riverside man, formerly a city trustee of that place. He will begin work on the road in about two weeks, and expects to finish it in December.

This road will give the southern end of the county a direct road to the Elsinore Valley, and will give the people of the Elsinore country a road to this county much shorter than the one that is now the only one open to them, the road down the Santa Ana canyon.

The road is to be a good road. County Surveyor McBride has laid out a road that will be easily traveled, and vehicles may pass with ease at almost any point. None of the road will be less than fifteen feet wide, and some of it will be over twenty feet wide. The average width will probably be seventeen and a half feet.

In making his reports to the supervisors several weeks ago, County Surveyor McBride estimated that the cost of the construction work, exclusive of two small bridges, would be \$9600. Ford's bid for that same work was \$9400, showing that McBride was accurate in the estimate. The outcome of the canyon road bidding is an instance of the care with which McBride does his work.

Ford's bid for the construction of one of the small bridges was accepted. Some changes are to be made in the other bridge. Including bridges, Ford's bid was \$10,366.

## "PECK O' PICKLES" MAKES HIT BEFORE A RECORD HOUSE

An audience which packed the Grand Opera House from pit to dome greeted the first performance on any stage last night of Kolb & Dill's new musical comedy, "Peck o' Pickles."

Everybody knows who Kolb and Dill are, and it is only necessary to state that the show last night was Kolb and Dill. The comedy, itself of the usual type, having just sufficient plot to admit of the stringing on it of a lot of fun, some attractive musical numbers, and to permit the frequent introduction of a chorus of more than average pulchritude.

The verdict of the big audience is that "Peck o' Pickles" is a success. The two chief comedians were up to their usual mark, and were given excellent support by a well balanced company. The fun is clean and fresh and many of the musical numbers catchy. As has been said, the large chorus fully came up to the promises which had been made for it, and the costuming and scenery were adequate.

## PUBLIC PLUNGE IS FAVORED BY CITIZENS

Fullerton Tribune: The old high school site will be offered for sale by the trustees on Aug. 30. An official notice to that effect appears in this issue of the Orange County Tribune.

Much discussion as to what should be done with these grounds has been indulged in by the people. Some time ago a petition was presented to the city asking that the city trustees purchase the grounds for a public park.

The suggestion was that the basement of the building destroyed by fire should be converted into a public swimming pool. It received favorable comment at the time.

If Fullerton is to have a park probably this would be the most available place in sight at this time. As to the public plunge that idea is deemed excellent by most of the citizens who have expressed themselves.

Pomona has recently installed one in the city park and has spent much money in making their park a spot of beauty. At Riverside, Fairmont plunge is being patronized by about 140 people daily, according to the Press. It has proved the most popular feature of Riverside's playgrounds. The Fairmont park plunge is 60 feet wide and 120 feet long and the depth varies from two and a half to eight feet.

It would not cost much to convert the basement as it stands on the old site into a plunge and it would doubtless prove a popular step on the part of the trustees. Land for a park will never be purchased at any less price in Fullerton in two or five years than now. That is patent.

Something of this sort would give the city an amusement place, playgrounds and plunge on a scale that would be creditable to a larger place, and it is undoubtedly in the line with progress.

The trustees have discussed the matter but have taken no definite action.

**K. of P. Picnic Postponed**—The Knights of Pythias picnic announced to be held at Orange County Park August 10 and 11, has been indefinitely postponed on account of infantile paralysis.

## THREE A WEEK BE NECESSARY

Charter-Framers Find That Two Meetings a Week Are Not Sufficient

The board of freeholders has realized that its job is a great deal bigger than its members thought it was. When the board started in on its work it voted to meet once a week on Tuesday evenings. After about two weeks' work, it was decided that two meetings a week would be necessary, and Friday evening also became a regular meeting night.

The 120 days in which the freeholders must prepare the charter is now one-fourth gone, and the charter framers are afraid that they can't finish their work on two meetings a week. It is probable that commencing next week, there will be three meetings a week.

The charter board is going over the Sacramento charter section by section, discussing the various matters that are provided for. No radical decisions have been reached further than the tentative decision reached two weeks ago in favor of a commission of five men instead of three men.

Gilbert's \$10.00 Suit Sale now on. Values up to \$35.00 in this sale.

## PICTURE OF KELLY SHOWS HIS VICTORY

Orange News: A picture received here showing the finish of the hurdle race won by Fred Kelly at Stockholm demonstrates that Kelly had a commanding lead at the final hurdle.

The picture shows Kelly over the hurdle and striding away to the finish while his closest rivals are still in the air or just taking the hurdle. On his left is Wendell, who finished second, almost ready to land after taking the hurdle. Both Kelly and Wendell have knocked down the last hurdle. On their right is Hawkins, the third man to finish. He is midway in his jump. Nicholson is plainly seen flattened on the ground after the ninth hurdle. Powell, the Englishman, is preparing to take the tenth hurdle.

W. B. Board, of the U. S. C., has received a letter describing the race in which Kelly says in part: "In speaking of the race, we lined up in the following order: Hawkins, Nicholson, myself, some Englishman, Wendell and Case. Hawkins and Wendell jumped the gun by two yards but were not disqualified. Everybody was in the air at the second hurdle, with Hawkins to the good. I knocked the second hurdle with my ankle, as usual, but I was not bothered after the fourth, so I cannot tell how it looked from the rear. After it was all over, there was an awful wreck of hurdles. Hawkins knocked the first five, Nicholson tried to gain the loss by going through the ninth, and by the looks of him by the picture, the hurdle went through him."

"I rammed the last steeple with a crash that cost me the time of fifteen seconds even, as it slowed me up pretty bad."

Parasols at just half price at Gilbert's big sale.

## PROGRESSIVES MEET TONIGHT

Plans Are to be Made For a Roosevelt-Johnson Ratification Meeting

"Progressives of all old parties favoring the election of Roosevelt and Johnson are invited to meet at Armory Hall tonight (Thursday) at 8 o'clock. Charter members will be received, and arrangements will be made for a ratification meeting. Other important matters will be taken up."

"S. J. JACKMAN,  
Pres. Santa Ana Roosevelt Club."

The above notice is self-explanatory. The meeting is an important one, and there should be a big attendance. The club is to make plans for a vigorous campaign. It will not only look after the campaign work in Santa Ana but many of its members will attend meetings to be held at other places in the county.

## PRODUCER GETS THE LITTLE END OF IT

Proposed Plan to Organize  
Co-operatively For Better  
Marketing

That is What Poultry Expert  
Tells the Arlington  
Association

(Riverside Press.)  
The poultrymen of Southern California are at the mercy of the jobbers, wholesalers, retailers and sundry other middlemen. These play the Kansas and Oklahoma egg and chicken producers against the local poultrymen with the result that June eggs sold here for 22 to 23 cents a dozen when they should normally have brought 35 cents. Co-operative marketing is suggested as a remedy for this condition.

The Arlington Poultry Association was addressed last evening by R. P. Hayes, former president, and J. E. Davis, secretary of the commercial department of the Los Angeles Poultry Breeders' Association. These gentlemen passed yesterday in visiting Arlington and Riverside poultry ranches and at the invitation of the local poultrymen, addressed them in the evening on the selling end of the game. The meeting was held at the Davison hotel and was attended by a goodly number of interested poultrymen.

Mr. Hayes was the first speaker. He declared that the poultry business must be conducted as a business matter, there is \$5,000,000 worth of poultry products being produced in Southern California annually. The speaker congratulated the Arlington poultrymen on the fine condition of their stock, declaring that he had not seen a half dozen sick birds in his

## FIRST EARTH IS TURNED ON STATE'S GOOD ROADS SYSTEM

SAN FRANCISCO, Aug. 8.—The third annual convention of the Pacific Highway Association came to a close yesterday afternoon at San Mateo, and the occasion marked the commencement of the work of building the \$18,000,000 worth of roads with which the State of California is to be blessed. Actual construction was started when Burton A. Towne, president of the California State Highway Commission turned the first shovel of earth at San Bruno, where more than one thousand men and women had gathered to celebrate the event at a barbecue, tendered in honor of the visiting delegates of the Pacific Highway Association.

The head of the State Highway Commission who was introduced by the Rev. Wm. A. Brewer, Mayor of Hillsborough and president of the San Mateo Development Association, as "San Mateo County's best friend," called his attention to the fact that he received his appointment as a member of the commission "just one year ago today."

"Fellow highwaymen," said the Rev. Mr. Brewer, as he announced that the first piece of road was about to be commenced, "actions speak louder than words." He referred to the big steam roller, standing near him on El Camino Real, as the original steam

roller, ready for action. Much to the general amusement of the gathering, the factory stamp of a Chicago company was on the steam roller.

With a shovel, which had seen years of service, Burton A. Towne turned the first spadeful of earth, while the crowd gave three ringing cheers. Mr. Towne addressed the crowd after the opening ceremony and stated that since his appointment he has traveled five thousand miles in the task of inspecting roads and that at the present time fifteen hundred miles of road to be constructed under the \$18,000,000 bond issue have been determined upon, while drafts for the construction of 800 miles of the highway have been completed. Contracts have been let for 37 miles, while an additional 75 miles are to be let within another week.

It was learned here yesterday that the Rincon road would be taken over by the State Highway Commission. This will be good news to the residents of Ventura and Santa Barbara counties, who have been working hard for almost a year in an endeavor to raise enough money to complete the link that will connect Santa Barbara with Ventura and eliminate the dangerous Casitas passes. The movement on the part of the Highway Commission has been contemplated for some time, although quietly.

It would be in excess of \$900 a year if the plan succeeded. The plan was for the benefit of all Southern California poultrymen.

J. E. Davis was the next speaker. During the month of May there were quantities of eggs received from Kansas and Oklahoma in the Los Angeles market for the purpose of keeping down the price of the local product, he said. These were sold as strictly fresh eggs. Mr. Davis told of the experience of the Lynhurst egg ranch in Tucson, Ariz., where the output of a 15,000 chicken ranch was marketed in cartons with a special label and seal. The eggs from the ranch have a ready sale at 10 cents a dozen above regular prices. The speaker looked for the time when the states will establish produce exchanges and the cost of marketing will be reduced. In the meantime co-operative efforts on the part of producers will be necessary. There has been a falling off the past season in fancy trade eggs and chickens. At the present time the market is so jugged that the consumer pays more for eastern than for local eggs.

Mr. Davis said that his association hoped to establish an early date in Los Angeles a plan for selling direct to the consumer. The location had not yet been secured, but one was under discussion. It was proposed to sell all poultry products, acting as selling agent for breeders of fancy stock as well as commercial eggs and poultry. Supplies will also be handled. It was proposed to get into touch with 1000 to 1500 producers in Southern California and to work co-operatively with them.

A meeting of the Arlington Association will be held next Monday evening for the purpose of considering the proposition presented by Messrs. Hayes and Davis.

day's excursion. He did not know whether the location was better here than about Los Angeles, but certainly stock was in better condition. In his district it was the usual thing for pullets, two or three months old, to have colds. No such conditions existed here.

The speaker declared that the high price of feed and the low price of eggs had driven the 400 and 500 chicken plants out of existence. What the poultryman today wants to know is how to buy his feed cheaper and sell his produce higher. The elimination of many of the small producers has had a rather good effect on the market. A start has been made in a conservative and careful way for co-operative marketing and buying. The saving in his own case

would be in excess of \$900 a year if the plan succeeded. The plan was for the benefit of all Southern California poultrymen.

J. E. Davis was the next speaker. During the month of May there were quantities of eggs received from Kansas and Oklahoma in the Los Angeles market for the purpose of keeping down the price of the local product, he said. These were sold as strictly fresh eggs. Mr. Davis told of the experience of the Lynhurst egg ranch in Tucson, Ariz., where the output of a 15,000 chicken ranch was marketed in cartons with a special label and seal. The eggs from the ranch have a ready sale at 10 cents a dozen above regular prices. The speaker looked for the time when the states will establish produce exchanges and the cost of marketing will be reduced. In the meantime co-operative efforts on the part of producers will be necessary. There has been a falling off the past season in fancy trade eggs and chickens. At the present time the market is so jugged that the consumer pays more for eastern than for local eggs.

Mr. Davis said that his association hoped to establish an early date in Los Angeles a plan for selling direct to the consumer. The location had not yet been secured, but one was under discussion. It was proposed to sell all poultry products, acting as selling agent for breeders of fancy stock as well as commercial eggs and poultry. Supplies will also be handled. It was proposed to get into touch with 1000 to 1500 producers in Southern California and to work co-operatively with them.

A meeting of the Arlington Association will be held next Monday evening for the purpose of considering the proposition presented by Messrs. Hayes and Davis.

Orange News: Progressive Republicans of Orange held an enthusiastic caucus at the city hall Tuesday evening. They elected the following named committeemen for the different precincts, three from each precinct, to also act as nominees to be voted for Sept. 2d, as delegates to the county convention:

First Precinct—A. R. Fernald, C. A. Head, H. Moberly, C. S. Spencer.  
Second—Elwood Coate, G. L. Jackson, Evan Davis, W. J. Downs, N. U. Potter, A. G. Parson.  
Third—Jos. Pollock, A. J. Boulanger, B. F. Fletcher, F. L. Ainsworth, F. E. Hallman, E. D. Jones.  
Fourth—W. N. Paine, L. A. Durler, A. R. Aldrich, L. W. Hemphill.  
Fifth—E. J. Leggett, L. A. Durfee, S. M. Craddock, G. M. Bay.  
Sixth—Robt. Appel, R. L. Ballard, Geo. L. Niles, Owen Handy, Henry Yount.

It was decided to open the campaign for Progressive Republicanism at Campbell's Opera House, Tuesday evening, August 13th, at 8 o'clock. Good speakers and music will be in attendance. Ladies and gentlemen of any party affiliations are invited to come.

S. M. CRADDICK, Secretary.

AMUSEMENTS

A Dash Through the Clouds

A very popular young man, whose life is in grave danger, caused by his being a real "cut up" among the ladies, at which his enemies are incensed to the point of taking his life, so he sends a note to his sweetheart, who in her aeroplane makes a dash to the rescue. The rest is best told in this wonderful moving picture which is the first comedy ever enacted in a flying machine, and the whole story has a thrill in every foot. The New Baby is another big long laugh, and another of those famous Pathe Weeklys, so popular with every one, old and young. The Bregrers, in a comedy act of talking, tumbling and boxing that is unlike anything presented the past season. All of the above feature numbers will be seen at the Bell to night and Friday night and will prove to be one of those big good shows for which the Bell is so well known.

## LOS ANGELES PRODUCE MARKET

Some of the finest fruit that has appeared in the markets this year is coming in, and in such abundant quantities that prices are very low on plums and peaches, as low as they will be this year on the former. Satsumas are the finest in all probability of the plum family that are now available, and are bringing up to \$1.75 per box. Wickson plums are of very fine quality this year, and are at their best right now. They are selling for \$1.25 per box. Damsons are down as low as 75 cents a box and Burpans are also very cheap. Tragedy plums are worth \$1.25 to \$1.50. Peaches of the best appearance are bringing up to \$1.25 per box, and at that figure it is possible to get fruit of this class as large as oranges. The white peaches are having a trifle better run than the yellow, and are bringing fractionally higher prices.

The demand for eggs was good and the prices were steady on local stock following the advance of the day previous. Outside eggs were advanced to conform in quotation more nearly with local, and the new price on them ranges from 24 to 28. Receipts were 241 cases.

Butter arrivals totaled 27,682 pounds. The San Francisco price on the commodity went up to 32 1/2 cents a pound on extra grade, and the local market showed much strength on that figure.

Tillamook daisy cheese sold for 17 1/2 cents on the street, but quotations were unchanged on the exchange. The demand for other varieties was not very heavy. Receipts were 4180 pounds.

The potato market continued very soggy and much of the stock which farmers are offering will spoil for the reason that the grade is poor, and the potato prices on fancy stock are down to 30 cents a hundred on the field, which scarcely pays for the harvesting and preparing for market. Receipts of spuds were 977 sacks. Onion arrivals were light and unchanged. Receipts of sweet potatoes put the market down to 3 cents on much of the stock.

The demand for apples was very good and prices held steady on the fruit. Reported receipts totaled 46 boxes. There were few if any changes in the vegetable market.

**VACUUM CLEANING**

### IN THE JUSTICE COURT

## PROBATION IS GIVEN MONET

Jury Found Him Guilty of Taking Automobile Without Permission of Owner

Yesterday afternoon the jury that tried Jean Monet, the young man charged with taking B. Uttley's automobile without the owner's permission, found the defendant guilty, and recommended him to the mercy of the court. This morning Justice Cox placed Monet on probation, with the provision that should probation be violated at any time within ninety days sentence may be passed.

The principal witnesses against Monet were Uttley and Constable Sorenson. Uttley stated he left his automobile standing on Bush street, and that it was taken without his permission. Sorenson was on his way to Huntington Beach when he found the machine and Monet on West Fifth street.

Monet went on the stand, and declared he rented the machine from a young man whose name he thought was Ralph Coffin.

B. Uttley was one of those who petitioned the court to place Monet on probation.

**Pays \$30 Fine**  
This morning L. A. Harrington paid a fine of \$30 after pleading guilty to a petty larceny charge. He was accused of stealing four bales of hay from E. J. Primus at Cypress, Bering, who seems to be a partner of Harrington, will fight the case.

**Suspended Sentence**  
H. K. Warren, who was caught in Kinsley's watermelon patch on West

**WHAT TIME IS IT?**  
WALTHAM

This is a question you can answer if you carry one of our watches or have your watch repaired here. How is this? 17 jewel American made watch for \$10.00. The new Equity watch for \$5.00 and up, and our guarantee as well as the factory's guarantee back of all.

**Carl G. Strock**

THE JEWELER  
112 East Fourth St.

Fifth street yesterday, was given a suspended sentence of ten days. His excuse was that he had never seen watermelons growing before, and did not know but what it was all right to pick one.

### AT THE COURTHOUSE

## HOLTZ BUYS BACK UNDER EXECUTION

Under-sheriff Squires was the Auctioneer at the Court House This Morning

Under-sheriff Robert Squires was auctioneer this morning in a sale under orders from the superior court. The execution was issued in the case of Joseph Holtz against the Black Star Coal Corporation, in which case Holtz got judgment for \$382. Holtz was the only bidder, and he bid \$506.27, just enough to cover the judgment and costs.

The property concerned was two acres adjoining Holtz's place in the Black Star canyon. Holtz originally sold this land to the coal mine promotion company, and brought suit on the indebtedness. The coal mining company did nothing with the property.

**Finley Is Referee**  
Judge West today appointed Attorney S. S. Finley as referee to determine what should be the amount of the judgment in the action of M. P. Westcott against E. L. Gilman of Orange. The Edmund Peycke Company of Los Angeles, Judge West has signified judgment against the defendants, and in order to have the claims of each of the fifteen or more growers represented by Gilman determined, Attorneys Langley & Thomas and Scarborough and Forgy for the plaintiff and Collier & Clark for the defendants stipulated to allow Finley to hear the evidence, and return findings to the court. The amount sued for was \$777. Gilman bought oranges, and when he went bankrupt the growers sought to collect from the Los Angeles concern, for which Gilman was proven to be agent. That Edmund Peycke Company is liable has been decided. The amount is still to be determined.

**Hopes to Get Bail**  
William Rawlins, charged with bigamy, hopes to get bail. This morning Judge West reduced the amount required from \$3000 to \$2000. The trial was set for Oct. 7. Schenck & Swaffield of Los Angeles represent Rawlins.

## LONG LIST TO SELECT FROM

Committee Has 164 Suggestions for Descriptive Name of Santa Ana

Santa Fe and P. E. Report Unfavorably on Requests for Better Services

One hundred and sixty-four suggestions were made for a descriptive name of Santa Ana. These suggestions were entered in the contest instituted by the Chamber of Commerce in competition for a silver cup, which will be awarded to the person making the suggestion that meets with the approval of the three judges. The judges are Frank E. White, representing the City Trustees; A. E. White, for the Merchants and Manufacturers; and C. P. Kryhl, for the Chamber of Commerce. At the meeting of the directors of the Chamber of Commerce last night, the committee asked for and was given a week in which to look over the 164 suggestions.

"The Garden City," "The Valley Center," "The Triangle City," "The Star City," "The City of Owned Homes"—these are some of the suggestions.

J. D. Thomas reported to the directors of the Chamber of Commerce last night that the Santa Fe had reported to his committee that the railroad cannot see its way clear to allow the fast afternoon train, leaving here about 4 o'clock, to stop at El Toro and San Juan Capistrano, because those stops would interfere with the train's schedule.

A letter was read from D. W. Pontius, traffic manager of the Pacific Electric, stating that the railway cannot give a through service from Santa Ana to Balboa. The reason for this action as stated was that the P. E. already has a fast forty-five minute service from Los Angeles to the Newport Bay point, and no change can be made at this time.

F. H. Case, James Sleeper and W. A. Zimmerman were appointed a committee to look into the application of P. G. Kaufman of the Southern California Carnival Company for an endorsement of a project to hold an industrial entertainment here. The carnival company has held entertainments in several Southern California cities. Frank Elmke was elected a member of the Chamber of Commerce.

Dr. H. E. W. Barnes has removed his office to 114 1/2 East Fourth street in the Geo. A. Edgar building. Sunset Phone, Main 1143. Home 661.

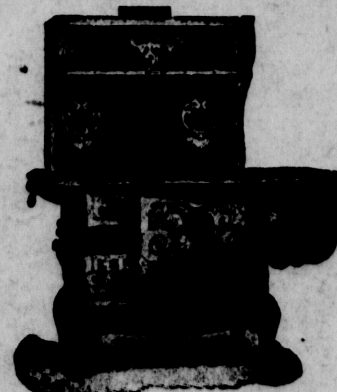

## Drs. ROSSITER & PAUL Painless Dentistry

If you need a set of teeth call and let us explain our new aluminum plate. It is in every way the equal of gold except the price, which is low enough to be within the reach of all.

All work done by the latest, most scientific painless methods.
